Hi All,

I asked Mike to start drafting our comments on the PN. He and I will both be going on vacation in April so I thought it would be good to get the letter set up then we could edit and/or provide additional details once provided by the Corps. Nate is acting during my absence. Do you think this approach makes sense?

Great.

Are we also getting a basic application package (what they submitted to you)? Or will that be part of the links?

If we are getting the application package, my computer no longer has a DVD drive. So, a pdf, a thumb drive, or a paper copy would all work.

Thanks, Mark

CMP hopes that the previously requested info on alternatives and their web link spreadsheet will be sent out today. Sorry for the delay.
